Sound & Motion Detection
Receive alert notifications

180 Degree Panoramic View
Ultra-wide angle to capture everything

Your Home, Only Smarter.

The HD 180 Degree Wi-Fi Camera is a compact wireless network camera suitable for day and night-time environments. It features built-in night vision, motion and sound detection, video recording and 2-way audio — so you can feel at ease when you're away from home.

Designed to Fit Your Needs

The DCS-8100LH is designed with adjustability in mind: pivot, tilt and rotate to your monitoring needs, no matter where you put it. The unique fold-out lens lets you quickly adjust the angle of view — perfect for tabletop, wall and ceiling placement. Wi-Fi connectivity means you don't have to use a network cable to connect the camera to your router. Camera setup is also a breeze with the free mydlink app. Simply install the app on your mobile device and with a few taps, the wizard will guide you through the entire setup process.

Comprehensive Feature Set

Despite its small size, the DCS-8100LH is packed full of features. An ultra-wide lens provides a 180-degree panoramic view so you can monitor the whole room instantly. Built-in motion and sound detection automatically alerts you and starts recording if movement or sound is detected. The integrated microSD card slot allows you to store videos and snapshots privately without uploading to the Internet. You can even play back recorded videos from anywhere in the world on your smartphone or tablet. With the built-in microphone and speaker, you can talk to family members while viewing them on your screen. Integrated night vision allows you to see your home, even in complete darkness, so that you know what's happening at home 24/7.

Peace of Mind, Wherever You Are

With the mydlink app, you can easily monitor your home and look after what's important to you, from anywhere in the world³. Stay up-to-date with notifications and check-in on those you love at any time. You can even record precious or interesting moments directly onto your phone through the mydlink app

Features

- ◆ View your camera remotely from anywhere in the world¹
- ◆ High quality 720p HD streaming
- ◆ 180-degree panoramic view
- ◆ Integrated night vision
- ◆ Compact and easy to setup
- ◆ Motion and sound detection with instant push notification alert
- ◆ Record video clips and snapshots³ to the to your personal cloud storage⁴ or to the integrated microSD card slot^{2,5}
